

From: **Ecolab S.A.**

To: **PROTEUS S.A.**

Topic: **OxyGuard pallet**

We would like to inform you that PROTEUS S.A. - PAPAGIANNIS ANDREAS AND SON S.A. is cooperating with Ecolab using exclusive products of our company.

PROTEUS S.A. - PAPAGIANNIS ANDREAS AND SON S.A., in collaboration with our technicians, applies and complies with all standards during washing and with the required quality control before the delivery of the linen.

Constantly seeking higher quality levels, PROTEUS S.A. - PAPAGIANNIS ANDREAS AND SON S.A. is using the OxyGuard™ product range in order to offer top level service.

OxyGuard™ palette, in a temperature range of 55 to 70oC, is combined with a suitable biocidal product of our company, with approved microbial and biocidal efficacy, against the Covid-19 virus, according to the European standard EN 14476, for its disinfecting action. We remain at your disposal for questions or if you need additional information.

Ecolab Industrial Laundry Division with long experience in hygiene and infection prevention, has the ability to help the customer inspect hygiene protocols or provide additional guidance based on our experience.

At the same time the company PROTEUS SA - PAPAGIANNIS ANDREAS AND SON SA implements the program proTEX360, which includes hand and surface disinfectants with virulent action against Covid-19 in order to protect customers from the spread of the disease

Paying special attention to the smooth operation of your business, we remain at your disposal for any questions or if you need additional information.

Sincerely yours

Andreas Manesis
Sales Manager
Textile Care Division
